FOOTBALL OFFICERS FOR C. & A. TEAM ARE CHOSEN AT MEETING

"Dutch" Wilkins, Manager;
John Galt, Captain; M. W.
Mitchell, Secretary-Treasurer—Good Season Promised

Interest in football for the coming fall was greatly stimulated Friday afternoon when interested parties, working for the C. & A. company met and formed a football organization and elected officers for the season. The C. & A. team promises to be far in the lead of any team in Southern Arizona and also promises to be one of the best in the entire state.

James L. Wilkins was elected manager of the organization. Wilkins is better known as "Dutch." Just exactly where he got the nom de guerre is not known. Truth to tell, however, "Dutch" is one of the best tackles in the District.

John Galt, of the general athletic prowess, was elected captain. Galt is one of the best half backs ever to appear in moleskin in this section of the country. He is a natural football player; heady, strong, a good leader, a clear and fast thinker and has lots of speed. Under his direction the team promises to be an excellent one.

M. W. Mitchell, foreman of the Cole and one of the most interested men of the C. & A. staff in anything of an athletic nature, was elected secretary and treasurer of the organization.

Practice will start this week. There is a large number of men working for the C. & A. in various capacities who are either old football players or who want to play. By getting an early start the organization hopes to be able to whip a fine team into condition for early games and one which will more than take care of itself in any company.

STREET SUPERVISOR GETTING READY FOR FALL'S HEAVY WORK

C. A. Bailey Rushing Routine
Work to a completion in
Order to Devote His Time
to Budgeted Items.

In preparation for the immense amount of street work, provided for by the recently adopted city budget, Street Supervisor C. A. Bailey is rushing his routine work and getting it out of the way as soon as possible in order to have his department entirely cleared of necessary work when the taxes become available for the new work.

In this line the street supervisor now has a gang of men at work in Upper Tombstone canyon repairing the grade and perfecting it from the Lincoln School to the city limits. Bailey declares he is going to make a speedway of it and give the traffic of the district something to watch.

Some of the new work includes the laying of pavement on Brewery Gulch and Naco Road, the construction of a new road from the end of the present O. K. Trail to connect with Brewery Gulch, the construction of another road in Moon Canyon and the laying of curbing from the end of the pavement on Main street to Lincoln school in Tombstone Canyon.

The supervisor expects to have some of this work started this fall. He thinks that he can get the curbing down in record time and then devote all of his time and energy to the two roads and the paving.

GUNS BOOM AT SOMME.

PARIS, Sept. 2.—Artillery was active north and south of the Somme, says tonight's war office statement. Elsewhere there were no events of importance.

CROWDED HOUSES ARE RULE AT THE AIRDOME

Teal's Big Song Show Still
Drawing the Crowds to His
Excellent Tabloids.

Crowded houses continue to be the rule at the Lowell Airdome, where the Raymond Teal Big Song Show, together with the Teal Ducklings, are dispensing up-to-date musical comedy with a chance of program every other night. The Teal company is now entering into its ninth week at the Airdome. Notwithstanding that this is termed the rainy season in the Warren District, only two nights were lost on account of rain, and as the rainy season is now drawing to a close, no doubt, the Lowell Airdome will become more popular than ever. One great advantage is that one can breathe the pure outdoor air while enjoying the performance, instead of being cooped up in a stuffy theatre with poor ventilation.

Tonight the company will play "Watch Your Step" for the last time. Tomorrow night another comedy new to the patrons, entitled "The Spooners," will be presented. This is another high class comedy, never having been played at popular prices before. The usual Monday night "Amateur Night" feature will take place on Tuesday night this week. On Wednesday and Thursday night the ever-popular "Madame Sherry" will be the attraction at the unheard of price of 15c and 25c. The usual Country Store will be the extra feature Thursday night, as usual. Tonight the first show will begin promptly at six thirty o'clock, performances running continuously until ten thirty.

VILLISTAS HOLD UP TRAIN.

EL PASO, Sept. 2.—Arrivals at Juarez today were several passengers from Mexico City who said that their train was held up at a point below Jimenez by a score of Villistas.

STILL FOR WILSON.

Cliff W. Wolf, assistant cashier at the Citizens Bank and Trust Company, being from Texas and acknowledging it, declares that Woodrow Wilson has a walk-away in California. Wolf has just returned from a trip to San Francisco where he heard Hughes, the

Republican candidate, and where he also heard Progressives and Republicans "panning" the ex-governor of New York state. Wolf has but two hats with two Republicans and declares he is going to collect in advance, so sure of the outcome is he.

YOUNGSTERS, TAKE WARNING.

While the cat's away the mice will play; so also when the watchman is away from the city park the youngsters of the immediate neighborhood and every other neighborhood take advantage of the absence of that worthy and "commit some devilry." Here of late they have been doing their worst to ruin the cement walks by spinning tops and skating with metal wheeled rollers. The city officials are very desirous that the park be preserved and both of these youthful amusements are hurting the sidewalks. If caught, the youngsters will be dealt summarily with and parents are asked to urge their youthful Wilsons to keep off the sidewalks in the park when they want to indulge in any of the tabooed pleasures.
